

## Big Box Store

Let's go down, go down to the big box store,  
Let's go down, go down to the big box store,  
Let's go down to the big box store,  
If you've got a lot of stuff, you could use a little more,  
Let's go down, go down to the big box store.

Let's go down and work at the big box store,  
Let's go down and work at the big box store,  
Well, I got me a job at the big box store,  
I work full-time, but I'm still poor,  
Let's go down and work at the big box store,

Let's go down, wave our flag at the big box store,  
Let's go down, wave our flag at the big box store,  
Well, I bought me a flag at the big box store,  
Like everything else it was made off shore,  
Let's go down, wave our flag at the big box store,

My home town's go no downtown no more,  
My home town's go no downtown no more,  
Nobody walks down town no more,  
We all drive our car to the big box store,  
My home town's go no downtown no more,
