

## Hip Hop Sing [1870-parody of Chinese cook on Bonanza who was actually played by Chinese actor]

Old Ben Cartright is the boss of Adam, Little Joe and big 'ol Hoss.  
They saddle up and ride to town, just to take a look around.

Saying, "Chop, chop, hip Hop Sing. It's time to make the dinner bell ring!"  
I dig pig feet; I eat chicken wings. Chop, chop, hip Hop Sing.

The American west can be a bonanza, if you are a rich white man [za].  
For the rest of us, not so much, life is rough and life is tough.

I'm a lonely man, I live a lonely life; I got no clan, I got no wife.  
Deep down I dig to make the most, of this gig on the Ponderosa.
