Shooting stars cross summer skies, double rainbows, fire flies
G D A7 D
Wonder in your daughters' eyes, embrace the Tao of Now.
D Dmaj7 G D
Jimmies on your ice cream cone, a dog kiss when you come back home,
G D A7 D
Time together, time alone, embrace the Tao of Now.

Bm A G D
You are here, this is now; you're a snow flake caught on a Balsam bough.
D A7 Em7 F#m7 D
You melt away, you know not how to hold the Tao of Now.

Juniper, canyon wren, class IV drop around the bend.
Green water across your bow, embrace the Tao of Now.
Blue bird morning, alpine glow, heart and lungs make red blood flow.
Tele turns through knee deep pow, embrace the Tao of Now.

You catch the scent of autumn rain, linger long where love has lain,
Listen to a friend with pain, embrace the Tao of Now.
Truth is all we know and feel. Words with chords just make it real.
Sing your song, then take your bow, embrace the Tao of Now.
